Registration of the Association

The Association is incorporated under the Industrial and Provident Societies Act 1965 (Registered number 16791R) and under the Housing Act 1996 (Number L0055). It is also affiliated to the National Housing Federation.

Housing 21 is an exempt charity.

Principal activities and review of the business
Details of the Group's activities, a review of activity for the year ended 31 March 2007 and its prospects are set out in the Chairman's statement (within the Annual Review).

Creditor payment policy
The Group agrees payment terms with its suppliers when it enters into binding contracts. It seeks to abide by these terms when it is satisfied that the supplier has provided the goods or services in accordance with agreed terms and conditions.

Advancement of disabled persons
Applications for employment from disabled persons are given full and fair consideration for all vacancies having regard to their particular aptitude and abilities. In the event of employees becoming disabled, every effort is made to retain them in order that their employment within the Group may continue.

It is Group policy that training, career development and promotion be available to all employees.

Employee involvement
The Group continued its policy on consultation and communication with employees on matters affecting them and on the progress of the Group. Through the staff council, staff are consulted on various issues. Additionally, there are cascade briefings from the management team, departmental and team meetings and other forms of communication such as newsletters and e-mail bulletins.

Health and Safety and Audit
There is a health and safety policy which is regularly reviewed by the staff council and the property services forum.

The Risk Management and Audit Committee oversees compliance with Health and Safety legislation and policies.

Insurance of directors and officers
The directors of Housing 21 are defined as the Board and the Management Team. Directors are covered under the National Housing Federation's Directors and Officers Liability insurance policy in respect of their duties as directors of the Group.

The directors and officers of the Group are also covered under the Groups' own Directors and Officers Liability insurance policy.

Governance
The Group is committed to exhibiting best practice in aspects of corporate governance. Throughout the year ended 31 March 2007, Housing 21 was in full compliance with all provisions of the Group's governance handbook which includes financial regulations, standing orders and respective roles and responsibilities. The governance handbook fully reflects the requirements laid down by the Housing Corporation Regulatory Code and advised by the National Housing Federation.

Each member of the Board brings varying experiences and skills to the operation of the Board and its various subcommittees. The Board composition is kept under review and when a new appointment is to be made, consideration is given to the kind of experience that a potential new member could add to the existing mix.

The governance structure is the subject of ongoing review and the performance of the Board Members individually and collectively is regularly appraised.

The Board is remunerated in line with regulatory guidance and best practice and only where there is a sufficient business case to do so.

Statement of Board responsibilities
The Board is required to prepare the financial statements in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice, for each financial year, which give a true and fair view of the state of affairs of the Group and the surplus or deficit of the Group for that period. In preparing those financial statements the Board is required to:

- select appropriate accounting policies and then apply them consistently;
- make judgements and estimates which are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material disclosures, disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

The Board is responsible for keeping proper accounting records which disclose the financial position of the Group and to enable it to ensure that the financial statements have been prepared in accordance with applicable Accounting Standards in the United Kingdom, the Industrial and Provident Societies Acts 1965 to 2002, the Industrial and Provident Societies (Group Accounts) Regulations 1969, Schedule 1 to the Housing Act 1996 and with the Accounting Requirements for Registered Social Landlords General Determination 2006. The Board is responsible for instituting adequate systems of internal control and safeguarding the assets and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Directing the business
The Board as a whole is collectively responsible for ensuring the success of the Group and ensuring its compliance with all legal and regulatory obligations by directing and supervising the Group's affairs. The Board:

- provides entrepreneurial leadership of the Group within a framework of prudent and effective controls which enable risk to be assessed and managed;
- sets the Group's strategic aims, ensures that the necessary financial and human resources are in place for the Group to meet its objectives, and reviews management performance;
- sets the Group's values and standards and ensures that its legal and regulatory obligations are understood and met.

The work of the Board has the following key elements:

- members constructively challenge and contribute to the development of the strategy of the Group;
- scrutinise the performance of management of the Group in meeting agreed goals and objectives and monitoring the reporting of performance;
- ensure financial information is fair and reasonable and that financial controls and systems of risk management are robust; and
- determine appropriate levels of remuneration of Executive Members of the Board and the senior management team and have a prime role in appointing, and where necessary removing, senior management and in succession planning.

Board members:

- comply with the Group's policies, procedures and standing orders as set and amended from time to time by the Board, and with the Rule book of Housing 21 as amended by shareholders at the general meeting on 27th July 2004 (the Rules);
- act within the Rules;
- uphold and promote the core policies, purpose, values and objectives of the Group;
- contribute towards and share the responsibility for decisions of the Board and/or any Committee of the Board of which they are from time to time a member; and
- uphold the Group's code of conduct.

The role of the Board is to exercise effective control over the Housing 21 Group and formulate the strategy both directly and through its committees:

Risk management and audit committee

William Moore
George Spry
Derek Thorogood

Recruitment of board members

The Board is elected by shareholding members. One third of the Board is elected at each Annual General Meeting. The Board has the capacity to co-opt members. There is an open recruitment policy, with applications sought from candidates with a defined range of skills and experience, including those directly concerned with our client base. The maximum term that any Board member can serve is three consecutive terms of nine years in total.

The Chief Executive and Deputy Chief Executive/Director of Finance serve on the Board as representatives of the executive management team. Their term of office is commensurate with their term of employment.

Policy for admitting shareholding members

We have an open membership policy, whilst seeking to achieve a broad and balanced membership including tenants and non tenants and corporate and individual members.

Housing 21's group of active companies

Housing 21, a registered social landlord and housing association.

Dementia Voice is a charitable member of the Housing 21 Group based in Bristol. It is a company limited by guarantee which does not have share capital and specialises in providing information, training, research and consultancy services to organisations working with people with dementia.

War Memorial Village Derby (WMVD) is a charitable member of the Housing 21 Group. It is a company limited by guarantee which does not have share capital. Housing 21 acts as managing agent for WMVD.

Housing 21 Guernsey is registered in Guernsey and limited by guarantee. It is a subsidiary working solely in Guernsey.

Oldham Retirement Housing Partnership (ORHP) is an industrial and provident society with charitable status set up to refurbish and manage stock in Oldham on behalf of Oldham Metropolitan Borough Council.

Group internal controls assurance

The Board has overall responsibility for the Group's systems of internal control. Through the Audit and Risk Management Committee, the Board has ensured that an ongoing appraisal of the Group's internal control systems and risk management processes have continued throughout the year ended 31 March 2007.

The Group employs a professional internal audit team, independent of the business, to review objectively the operations of the Group and to consider the adequacy of internal controls used to effectively manage the risks. Audit reviews are planned on a risk-assessed basis and agreed actions that are fundamental are followed up with management to completion.

Risk management

Housing 21 recognises that the achievement of its objectives will almost always involve the taking of a certain amount of risk. Hence a strategy based purely on risk avoidance could seriously inhibit the Group's performance. The Group therefore accepts the need for a process of management of risk that is as effective as possible. It sees such a process as a fundamental requirement.

There are many stakeholders in the Group – both internal and external parties. Their investment in the Group – financial or otherwise is considerable. They need assurance that the governance activities of the Group are of a high standard. Good risk management is an important part of those activities.

The Group's Chief Executive, the Corporate Services Director and the Head of Audit, Risk and Regulation (ARR) have responsibility for implementation of the risk management strategy. The Group's risk management officer reports to the Head of ARR and has responsibility for ensuring that the necessary activity is undertaken.

During the year a framework has operated which seeks to identify and manage down those risks which would prevent the Group from achieving its key objectives as specified in the Corporate Plan. The framework includes a determination of the Board's appetite for risk and an ongoing assessment for each business area of the main risks affecting strategy and operations. Action plans have been developed for each area of the business and as a whole for the Group to manage down those risks considered being outside the level of acceptability as determined by the Board. In particular, the framework includes:

- an integrated risk management strategy;
- a risk management policy including roles and responsibilities;
- risk management work shops to identify risks associated with key objectives;
- an alignment of risk assessment and planning processes; and
- a project risk management policy.

Financial, operational and governance reporting

The Audit and Risk Management Committee receives regular Integrated Risk Reports covering all areas of the business which specifies:

- the progress made with managing recognised risks;
- new risks and those previously assessed as acceptable but which have moved above the line; and
- internal audit progress.

The report also contains details of Business Learning Incidents, those material events that have caused risks to crystallise within the Group, together with the action taken by management to ensure that recurrence does not happen. Integrated risk reports are consolidated and presented regularly to Audit and Risk Management Committee throughout the year and summarised annually for the Board.

The Board is satisfied that the Group's systems of control are operating effectively and that where weaknesses have been found, effective and timely remedial action is being taken to close control gaps.

Auditors

A resolution to reappoint BDO Stoy Hayward LLP as auditors will be proposed at the next annual general meeting.

By order of the board

J. Farmer.

Mr J Farmer

Secretary

27 July 2007

Financial position of the Group

The performance for the year was in line with expectations and was particularly influenced by the following three areas:

Leasehold schemes acquisition

During the year we acquired 17 leasehold schemes from James Butcher Housing Association. The schemes cover 508 leasehold flats and bungalows in the South East and will generate economies of scale for our leasehold management business.

Housing 21 Guernsey LBG

During the year the Housing 21 brought its first Sheltered Housing Scheme on the island of Guernsey, Rosaire Court, into management. The scheme provides 50 much needed sheltered flats with extra care facilities on the island and has been fully grant funded by The States of Guernsey. It is operated through a wholly owned subsidiary, Housing 21 Guernsey LBG.

Oldham retirement housing partnership

During the year the Group achieved financial close on its first Private Finance Initiative (PFI) project which will be run through a further wholly owned subsidiary, Oldham Retirement Housing Partnership (ORHP). The PFI project is the biggest Sheltered Housing PFI project in the country. It involves the refurbishment and redevelopment of 1,647 units and the provision of management, support and maintenance services over thirty years. Over that period it has a total value exceeding £400 million. The inclusion of this contract has a significant impact on the Group's results.

Financial performance

In the year ended 31 March 2007, turnover increased by 9% to £82.5m. The main focus of the Group is the provision of social housing lettings, which contributed £55.9m or 68% of the turnover and the provision of care services, which contributed £22.1m, or 27%, of the total turnover.

The total income from social housing lettings is generated from three core areas; rental income, service charges receivable and charges for support services.

Housing 21 is subject to regulation on rental income on its sheltered housing courts and can only increase rents annually by a maximum of RPI+0.5%, plus a further £2 per week where current rents are below target rent levels established by a Government formula linking rents to local property values and wage levels. Service charges are the recharge to tenants of relevant expenditure such as cleaning and Court Manager costs. Housing 21 does not generate a surplus on this income. The income from charges for support services is derived from local government administering authorities for preventative support for older people.

Care service income represents the income generated from the care contracts in place from the care services offered to over 4,900 people around the country, up from 3,500 last year.

Operating surplus has decreased from £8.4m in the year ended 31 March 2006 to £7.3m in the year ended 31 March 2007. This can be attributed to three factors: the increase in turnover, offset by increases across the whole operating cost matrix; a more conservative approach adopted to the accounting for major repairs; and the consolidation at a group level of our first PFI company, ORHP.

Of particular relevance in the operating cost matrix is the increase in major repairs and stock improvement expenditure from £8.9m to £10.8m, which reflects our determination to bring all our courts up to "Decent Homes" standards. Non urgent routine maintenance activities are now scheduled to take place alongside major repairs expenditure to reduce disruption to tenants and increase efficiencies.

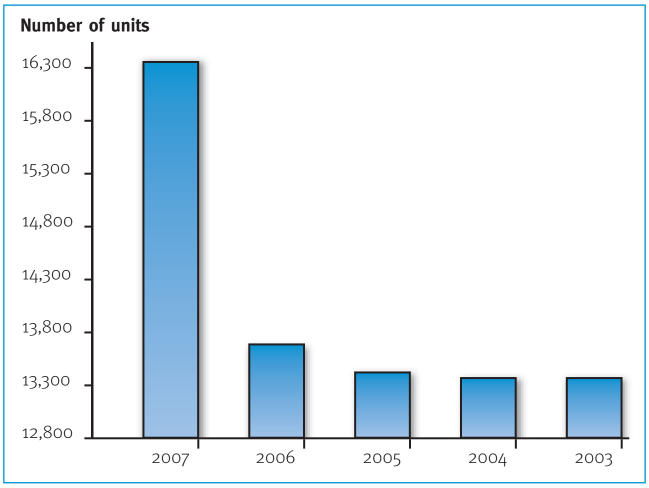
Capital structure

The Group relies on its strong balance sheet and growing asset base to support further growth.

Housing 21 is not able to raise equity funding and hence finances its operations by a combination of government grants, housing loans from commercial banks and retained surpluses.

Key to the balance sheet is the value of the housing properties. The Group records the housing properties at valuation, based on forecasted rental income streams. The number of units and the valuation of the housing properties have grown over the past 5 years.

The table below sets out the number of units owned and managed and managed for others over the last 5 years. The significant increase in units in the year ended 31 March 2007 is related to the investment programme in new housing properties, leasehold acquisitions and management of units in Oldham.



The investment programme is scheduled to continue with £4.1m included on the balance sheet at 31 March 2007 as housing properties under construction. There are over 600 new units in the pipeline, under development for rental shared ownership and outright sale. Funding for this programme continues to be obtained from the Housing Corporation in the form of Social Housing Grant and Department of Health grants.

Housing 21 is focused on achieving Decent Homes standard by 2010, resulting in more spend allocated to existing housing properties. During the year the group spent £23.8m on major repairs and maintenance, of which £7.2m has been capitalised.

Going concern

After making enquiries, the directors of Housing 21 have a reasonable expectation that the Group has adequate resources to continue in operation existence for the foreseeable future. For this reason the going concern basis has been adopted in these financial statements.

Key business risks for Housing 21

Housing 21 continues to experience major changes in the operating environment. These have a significant influence over the business, particularly in the speed and direction of public policy. In turn, this has led to significant developments in assessing the risks for the Group to consider.

Government sees the reform of public services as a key priority and the agenda has intensified. A Comprehensive Spending Review (CSR) in 2007 committed the Government to step up reform of public services to:

- meet new demands specifically from an older population with higher expectations;
- engage the public on their rights and responsibilities as service users; and
- harness technology to improve efficiency and effectiveness.

Income is constrained by rent restructuring and Supporting People. Operational costs are running ahead of RPI and there remains a competitive environment for staff recruitment and retention. There are financial pressures in terms of interest rate rises and building cost inflation and concerns about pension provision.

The care business is most vulnerable, still largely commissioned on the basis of short term 3-5 year contracts, and faces pressure from the need to pay higher wages to carers at the same time as local council financial settlements are leading to squeezes in contract prices and a focus on those in acute need. Growing concern about the funding of social care continues.

The pace of technological change continues. There are many opportunities available to harness these developments to modernise our Group to enable provision of more efficient, cost effective, customer focused services.

Significant changes in the field of public policy mean that the markets in which Housing 21 operates in health, social care and housing, are all reshaping rapidly. Understanding the impact of these changes is crucial to Housing 21's future plans.

The operating framework for the NHS is aimed at developing health care services in the community, offering care 'closer to home' and seeing a resource shift from acute to primary care in the community. This agenda develops integration at local level especially in health and social care commissioning, with PCTs becoming significant commissioners.

Social care funding remains a significant problem for older people and providers alike with many independent reports highlighting shortfalls in provision and lack of funding. Social care is also set to change substantively with the growth of self-directed support through individualised budget and direct payments.

While the future of regulation and the place and role of social housing is under review, reform of the social housing sector will be accelerated with expectations that housing associations will have a greater role as community agencies and further streamlining of delivery. Larger associations have been welcomed for their efficiencies and mergers will continue apace, fuelled by maximising the production of social housing, but there is also a call for, and expectation of, greater local accountability to customers and communities.

The local government white paper, Strong and Prosperous Communities – published 26 October 2006 also highlights a greater emphasis on locality issues and local accountability and a focus on sustaining mixed communities through housing. Competition will intensify especially with the private sector playing a growing role in the delivery of social housing.

Treasury policy and objectives

The Group has identified the following treasury risks:

- Interest rate sensitivity.
- Investment.
- Inflation and deflation.
- Liquidity and funding.
- Counterparty credit risk.
- Fraud and error.
- System failure.

The Group has a centralised treasury function, charged with managing these risks within the parameters of the treasury policy. In formulating the policy to address these risks reference is made to the Chartered Institute of Public Finance and Accountancy Code of Practice for Treasury Managers, National Housing Federation – Financial Risk Management: Focus on Treasury, the Housing Corporation – circular R2-04/99 Treasury Management Regulatory Policy and the Financial Services Authority Handbook.

The objectives of the treasury policy has the following key principles:

- Effective and efficient use of financial resources.
- Security of financial assets.
- Provision of adequate liquidity to meet financial obligations.
- Compliance with statute, regulation covenants and best practice.
- Control and accountability in Treasury management procedures.

Treasury policy is subject to Board approval.

The treasury operation is not a profit centre and speculative transactions are not allowed.

Cash flow

The net cash requirement for the year ended 31 March 2007 was £24.7m (2006: £11.4m), this change reflects an increase in capital spend funded by a reduction in cash and additional loans received. In the year ended 31 March 2007 £40.0m was spent on housing properties under construction, offset by Social Housing Grant received of £21.9m.

The operating cash flow was £2.1m in 2007 compared to £19.8m in year ended 31 March 2006, mainly reflecting the ORHP finance debtor.

Net debt at 31 March 2007 stood at £101.9 m compared to £77.1m at 31 March 2006. Despite this increase in net debt over the year, interest paid increased to just £6m compared to the year ended 31 March 2006 of £5.8m. This is due to the fact that the majority of debt crystallised towards the end of the year, therefore full year interest costs are not reflected.

Balance sheet debt and liquidity

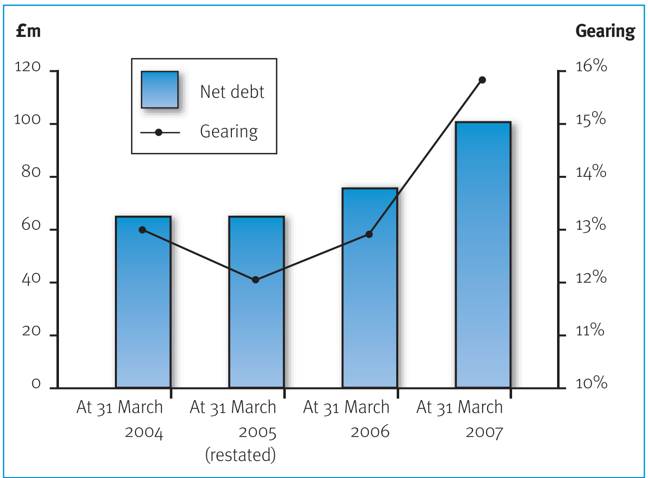
The Group's financial investments comprise cash, short-term deposits and bank and other borrowings.

As a result of its strong and growing asset base Housing 21 is able to increase its levels of net debt in order to invest in growth. The focus of the Group is primarily medium to long term and the profile of net debt reflects this, with £83.2m (82%) falling due after more than 5 years. Housing 21 has committed, but undrawn, facilities of £77m at 31 March 2007, sufficient for the projected development programme for the next 12 months.

Of the total net debt of £101.9m, £92m of gross loans are secured on the Group's housing properties.

Housing 21 seeks to take advantage of the current competitive loan market whilst reducing the exposure to volatility in interest by structuring its loan book equally over fixed rate, floating rate and inflation linked interest rate. The success of this strategy can be measured by the decrease in the weighted average interest rate to 7.18% for the year ended 31 March 2007.

A key measure of the financial health of Housing 21 is the gearing ratio. This is defined as net debt (gross debt less cash and short-term investments) to net assets (reserves plus Social Housing Grant plus accumulated depreciation). Whilst gearing for the year ended 31 March 2007 at 15% has increased slightly compared to prior year it is still relatively low for the sector, illustrating the strong balance sheet.



Interest cover is a key banking covenant for the Group. It is calculated as net interest to operating surplus less depreciation. For the year ended 31 March 2007 the interest cover was 1.98 times operating surplus. This is lower than the previous year, reflecting a tighter operating environment.

Accounting policies and prior year adjustments

The Group has adopted Financial Reporting Standard 10 'Goodwill and intangible fixed assets' (FRS 10) with respect to its acquisition of the leasehold management business of James Butcher Housing Association.

Additionally accounting policies have been introduced for work in progress and finance debtors which specifically relate to the ORHP and the treatment of the refurbishment and construction costs.

Save for that there are no changes to accounting policies in the year, and no prior year adjustments.

Statement of compliance

Housing 21 has adopted ASB Reporting Standard 1: Operating and Financial Review and has fully complied with requirements of that standard.

We have audited the financial statements of Housing 21 for the year ended 31 March 2007 which comprise the Income and Expenditure Accounts and the Balance Sheets for the Group and Association, the Consolidated Cash Flow Statement, the Statement of Total Recognised Surpluses and Deficits, Note of Historical Cost Surpluses and Deficits and the related notes. These financial statements have been prepared under the accounting policies set out therein.

Respective responsibilities of the Board and auditors

As described in the Statement of Board Responsibilities the Board is responsible for the preparation of the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Industrial and Provident Societies Acts 1965 to 2002, the Industrial & Provident Societies (Group Accounts) Regulations 1969, the Housing Act 1996 and the Accounting Requirements for Registered Social Landlords General Determination 2006. We also report to you if, in our opinion, the Report of the Board is not consistent with the financial statements, a satisfactory system of control over transactions has not been maintained, if the Group has not kept proper accounting records, or if we have not received all the information and explanations we require for our audit.

We read other information contained in the Report of the Board and consider whether it is consistent with the audited financial statements. This other information comprises of only the Operating and Financial Review. We consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements. Our responsibilities do not extend to any other information.

Our report has been prepared pursuant to the requirements of Schedule 1 paragraph 16 to the Housing Act 1996 and Section 9 of the Friendly and Industrial and Provident Societies Act 1968 and for no other purpose. No person is entitled to rely on this report unless such a person is a person entitled to rely upon this report by virtue of and for the purpose of the above statutes or has been expressly authorised to do so by our prior written consent. Save as above, we do not accept responsibility for this report to any other person or for any other purpose and we hereby expressly disclaim any and all such liability.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the Board in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Group's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion:

- the financial statements give a true and fair view, in accordance with United Kingdom Generally Accepted Accounting Practice, of the state of the Group and Group's affairs as at 31 March 2007 and of the results for the year then ended; and
- the financial statements have been properly prepared in accordance with the Industrial and Provident Societies Acts 1965 to 2002, the Industrial & Provident Societies (Group Accounts) Regulations 1969, the Housing Act 1996 and the Accounting Requirements for Registered Social Landlords General Determination 2006.

The notes of pages 14 to 39 form part of the financial statements

1. Principal accounting policies

The accounts have been prepared in accordance with applicable Accounting Standards in the United Kingdom and comply with the Statement of Recommended Practice Accounting by Registered Social Landlords, update 2005 issued by the National Housing Federation, the Industrial and Provident Societies Acts 1965 to 2002, the Industrial and Provident Societies (Group Accounts) Regulations 1969, Schedule 1 to the Housing Act 1996 and with the Accounting Requirements for Registered Social Landlords General Determination 2006.

A summary of the more important accounting policies, which have been applied consistently, is set out below.

Basis of accounting
The accounts are prepared on the historical cost basis of accounting as modified to include housing properties at existing use value for social housing.

Consolidation
The consolidated income and expenditure account and balance sheet include the results of the Association and its subsidiaries, as listed in note 29, from the date of their acquisition. Intra-group transactions are eliminated on consolidation.

Turnover
Turnover represents rental and service charge income, management fees, income from provision of care services, revenue based grants received from local authorities and The Housing Corporation and other income.

Housing properties
Housing properties have been revalued as at the balance sheet date.

At the point of revaluation, the aggregate surplus or deficit arising, calculated as the difference between the cost of properties less Social Housing Grant and the revalued amount, is transferred to a revaluation reserve. The basis of the valuation is explained in note 12.

Housing properties in the course of construction are stated at cost and are transferred to housing stock on completion. At the balance sheet date, properties under construction include a provision for all costs certified to date including the amount of the sum retained by the Association under the construction contract.

Capitalisation of interest
Interest on an appropriate proportion of total borrowings is capitalised during the period of development.

Capitalisation of development costs
Development costs are capitalised where they are directly attributable to bringing the properties into working condition for their intended use. Directly attributable costs are the labour costs of our employees arising directly from the construction or acquisition of the property and incremental costs that would have been avoided only if individual properties had not been constructed or acquired.

Goodwill
Goodwill arising on the purchase of 17 leasehold schemes from James Butcher Housing Association represents the difference between the consideration paid and the fair value of the net assets acquired. It is released to the income and expenditure account on a straight line basis over 20 years.

Depreciation – housing properties
Freehold land is not depreciated.

Housing under construction is not depreciated.

Freehold buildings are depreciated on a straight line basis over their remaining expected useful economic lives at the following rates:

- sheltered housing, 100 years
- general purpose housing, 90 years

from development completion or acquisition date.

Properties held on long leases and under finance leases are depreciated over the remaining period of the lease.

The land value element (to separate land from buildings) of each property valuation is determined using guidance issued by the National Housing Federation.

A transfer is made from the revaluation reserve to the income and expenditure account of an amount equal to the difference between depreciation for the year calculated on the basis of the historical cost and the actual depreciation charge which is calculated using the revalued amounts.

Depreciation – other tangible fixed assets
Depreciation is charged on a straight line basis over the expected useful economic lives at the following rates:

- leasehold office improvements, over the remaining period of the lease;
- freehold office buildings, 50 years;
- office furniture and equipment, 10 years;
- motor vehicles, 4 years;
- computer software, 5 years;
- computer hardware, 3 years.

Impairment
Housing properties are subject to impairment reviews on an annual basis.

Other assets are reviewed for impairment if there is an indication that impairment may have occurred.

Sale of housing properties
The gain or loss arising on the disposal of housing properties held as fixed assets is accounted for on the face of the income and expenditure account.

Properties developed for sale
Completed properties for outright sale are valued at the lower of cost and net realisable value. Cost comprises materials, direct labour and direct development overheads. Net realisable value is based on estimated sales prices after allowing for all further costs of completion and disposal.

Until sold these properties are held as current assets.

Social housing grant (SHG) and other grants
Where housing developments have been financed wholly or partly by grants, the cost has been reduced by the amount of the grant received.

Where grant is received on items treated as revenue expenditure, it is treated as a revenue grant and credited to the income and expenditure account.

Grants may be repayable in certain circumstances, even where it has been treated as a revenue grant for accounting purposes.

Works to existing properties
Expenditure on day to day and cyclical repairs and maintenance, together with health and safety work and service contract maintenance expenditure is charged as incurred to the income and expenditure account. Also charged are the apportioned administration costs associated with this work.

Renewals of communal equipment, furniture and furnishings, and the replacement of refrigerators and cookers provided for tenants, are charged to the income and expenditure account on purchase and recovered through service charges.

Housing 21 is undertaking a major stock improvement programme to bring stock to decent home standard. Where the works result in an increase in the net rental income from the property and enhance the performance beyond the previously assessed level, these amounts are capitalised.

Work in progress
Costs incurred in the construction and refurbishment of the sheltered housing properties in respect of the PFI contract have been accounted for under Financial Reporting Standard 5, "Reporting the Substance of Transactions" and are carried in the balance sheet as recoverable work in progress under the terms of the agreement with Oldham Metropolitan Borough Council. Work in progress comprises direct payments to the contractor, attributable initial project costs and interest costs incurred over the construction period on borrowings to fund construction.

Finance debtor
Under Financial Reporting Standard 5, "Reporting the Substance of Transactions", when a property has been completed or refurbished, the work in progress balance is converted to a finance debtor representing an appropriate proportion of costs incurred. The debt is recovered via the unitary charge contract income. Therefore the finance debtor is amortised over the remaining life of the contract. Until the debtor is fully amortised, an interest charge is released to the income and expenditure account which is based upon the value of the financial debt outstanding. This interest is included within interest receivable.

Revaluation reserve
The revaluation reserve records all appreciation in value of housing stock.

Housing loans and other financial instruments
Loans and other financial instruments are stated in the balance sheet at the amount of the net proceeds.

Finance costs, including incremental issue costs, are deducted from the loan and amortised over the first 5 years of the loan at a constant rate on the carrying value.

Where loans and other financial instruments are redeemed during the year, any redemption penalty is recognised in the income and expenditure account in the year in which redemption takes place.

Leased assets
Rentals paid under operating leases are charged to the income and expenditure account on the accruals basis.

The cost of assets held under finance leases is included under tangible assets and depreciation provided in accordance with the policy for the class of asset concerned. The corresponding obligations under these leases are shown as creditors. The finance charge element of rentals is charged to the income and expenditure account to produce, or approximate to, a constant periodic charge on the remaining balance of the outstanding obligations.

Pensions
The Association has fully adopted the accounting standard FRS17 'Retirement Benefits' during the year. The impact of this standard has been reflected throughout the financial statements. Prior year comparisons have been restated where appropriate.

The difference between the fair value of the assets held in the defined benefit pension schemes and the schemes' liabilities measured on an actuarial basis using the projected unit method are recognised in the Association's balance sheet as a pension scheme asset or liability as appropriate.

The carrying value of any resulting pension scheme asset is restricted to the extent that the Association is able to recover the surplus either through reduced contributions in the future or through refunds from the scheme. The pension scheme balance is recognised net of any related deferred tax balance.

Changes in the defined benefit pension scheme asset or liability arising from factors other than cash contribution by the Association are charged to the income and expenditure account or the statement of total recognised surpluses and deficits in accordance with FRS17 'Retirement Benefits'.

The annual costs of defined contribution, stakeholder and savings plan pension schemes are charged to the income and expenditure account on an accrual basis.

Management services to leaseholders and other bodies
In addition to managing housing for rent, the Association also provides management services to leaseholders and other bodies. The Association provides management services to leaseholders on a cost basis.

Charges which are made to leaseholders for decorations and major works within their schemes are held in sinking funds. These sinking funds are recorded within other creditors as part of note 16 amounts falling due within one year.

The Association also provides property management services to other bodies for which a management fee is charged. Such services are provided primarily on an agency basis.

All transactions relating to owned leasehold properties have been brought into the accounts.

Value added tax

The majority of services supplied by the Association are exempt from VAT. However, a small proportion is chargeable to VAT which enables some recovery of input VAT under a basis of calculation agreed by H.M Customs & Excise.

Expenditure is shown inclusive of VAT and input tax recovered is recorded within non-social housing activities, other, as part of turnover; see note 2.

Related parties

The Association has taken advantage of the exemption allowed by FRS8, Related Party Disclosures, from disclosing transactions with its wholly owned subsidiaries.

Taxation

The Association is exempt from Corporation Tax on income and gains to the extent that these are applied to the Association's charitable objectives.

11. Taxation

The Association has charitable status, The War Memorial Village Derby and Dementia Voice (see note 29) are registered charities. All three companies are exempt from Corporation Tax on their income and gains to the extent that these are applied to their charitable objectives.

Oldham Retirement Housing Partnership has charitable status, therefore is exempt from Corporation Tax on its income and gains to the extent that these are applied to its charitable objectives.

Housing 21 Guernsey – the Administrator of Income Tax in Guernsey has agreed that the company's profits will not be subject to tax. The Administrator has decided to treat the company as exempt from Guernsey tax due to its charitable activities. The company will be managed in such a way that it will be treated as having UK tax residency and therefore it will be subject to UK tax.

Housing 21 Property Services Ltd, Housing 21 Group Ltd and Housing 21 Care Options Ltd are dormant and therefore have no taxable income or gains.

Residential properties were valued by Drivers Jonas, Chartered Surveyors, on the basis of Existing Use Value for Social Housing (EUV-SH), as at 31 March 2007. The basis of valuation assumes that the properties will continue to be owned by a Registered Social Landlord, for letting at affordable rents, and will be managed in accordance with the Performance Standards published by the Housing Corporation.

The valuation was undertaken in accordance with UK Practice Statement 1.13 of the RICS Appraisal and Valuation Standards (fifth edition). In determining the valuation, the valuer made use of the discounted cash flow methodology. Assumptions were made concerning the key factors of: the level of future rents, tenant turnover rates, management and maintenance costs, bad debt and void levels, and future discount rates. The spread of discount rates used was from 5.75% to 6.50% depending on the scheme's location.

The valuation provided by Drivers Jonas for the Association totalled £438,732,000 (2006: £395,741,000).

The values of completed developments moved into housing stock from housing under construction during the year included capitalised interest (rates applied during year: 6.0% on debit balances and 4.0% on credit balances) of £377,000 (2006: £450,000, 6.0% on debit balances and 4% on credit balances).

Total	**667**	**718**	**667**	**691**

25. Capital commitments

	Group		Association	
	2007	2006	**2007**	2006
	£000	£000	**£000**	£000
Capital expenditure contracted but not provided for	**45,438**	68,993	**45,438**	66,493
Capital expenditure approved but not contracted for	**22,672**	16,100	**22,672**	16,100

The amount contracted for at 31 March 2007 will be funded from loans or grants approved by local authorities, the Housing Corporation, and the Department of Health; or will be financed from private finance loans or the Group's own resources.

26. Financial commitments

Finance leases:

The Association entered into two finance lease agreements, commencing January 1997, for groups of properties located in Bexhill and Felixstowe. These agreements are 35 years in duration and are full repairing and insuring leases, with an option for reversion during the 35th year.

Under the terms of the lease contract, the Association has an obligation to make rental payments increasing at a compound rate of 3.5% per annum over the 35 year lease duration

Obligations due under the leases are payable as follows (excluding interest):

	2007	2006
	£000	£000
In one year or less	**18**	102
Between one and two years	**22**	18
Between two and five years	**96**	81
In five years or more	**2,461**	2,410
	2,597	2,611

27. Pension liability

	Group and Association	
	2007	2006
	£000	£000
London borough of Redbridge	**26**	94
London borough of Lewisham	**49**	66
London borough of Barnet	**429**	770
	504	930

The movement on the pension scheme liabilities is scheduled below:

Year ended 31 March 2007	**Total**	London borough of Redbridge	London borough of Lewisham	London borough of Barnet
	£000	£000	£000	£000
Deficit at the beginning of the year	**930**	94	66	770
Current service cost, charged to operating surplus	**327**		10	317
Other finance (income)/costs, charged to surplus (note 10)	**(57)**	(4)	(1)	(52)
Actuarial (gains)/losses, charged to the statement of recognised surpluses and deficits	**(394)**	(7)	(19)	(368)
Contribution paid	**(302)**	(57)	(7)	(238)
Deficit at the end of the year	**504**	26	49	429

Year ended 31 March 2006	Total	London borough of Redbridge	London borough of Lewisham	London borough of Barnet
	£000	£000	£000	£000
Deficit at the beginning of the year	953	161	72	720
Current service cost, charged to operating surplus	314	6	8	300
Other finance (income)/costs, charged to surplus (note 10)	(7)	2	1	(10)
Actuarial (gains)/losses, charged to the statement of recognised surpluses and deficits	(9)	(12)	(7)	10
Contribution paid	(321)	(63)	(8)	(250)
Deficit at the end of the year	930	94	66	770

The actuarial gains and losses charged to the statement of total recognised surpluses and deficits are analysed as follows:

Year ended 31 March 2007	**Total**	London borough of Redbridge	London borough of Lewisham	London borough of Barnet
	£000	£000	£000	£000
Actual return less expected return on pension scheme assets	**30**	(4)	3	31
Experience gains and losses on the scheme liabilities	**(3)**		1	(4)
Changes in assumptions underlying the present value of the scheme liabilities	**367**	11	15	341
Charged to the statement of recognised surpluses and deficits	**394**	7	19	368

Year ended 31 March 2006	Total	London borough of Redbridge	London borough of Lewisham	London borough of Barnet
	£000	£000	£000	£000
Actual return less expected return on pension scheme assets	745	50	35	660
Experience gains on the scheme liabilities	9	(1)	–	10
Changes in assumptions underlying the present value of the scheme liabilities	(745)	(37)	(28)	(680)
Charged to the statement of recognised surpluses and deficits	9	12	7	(10)

The history of the actuarial gains and losses is set out below.

London Borough of Redbridge	**2007**	**2006**	**2005**	**2004**	**2003**
Actual return less expected return on pension scheme assets (£000)	(4)	50	9	39	(75)
Percentage of scheme assets (%)	(0.9%)	12.1%	3.0%	15.1%	(35.8)%
Experience gains on the scheme liabilities (£000)	–	(1)	42	0	(1)
Percentage of scheme liabilities (%)	–	(0.1%)	9.2%	–%	(0.1%)
Actuarial gains and (losses) recognised in the statement OF recognised surpluses and deficits (£000)	7	12	4	23	(85)
Percentage of scheme liabilities (%)	1.4%	24%	9.4%	5.0%	(20.1%)

London Borough of Lewisham	**2007**	**2006**	**2005**	**2004**	**2003**
Actual return less expected return on pension scheme assets (£000)	3	35	6	38	(83)
Percentage of scheme assets (%)	1.2%	13.6%	3.0%	12.5%	(33.1%)
Experience gains on the scheme liabilities (£000)	1	–	77	0	1
Percentage of scheme liabilities (%)	0.3%	–	27.7%	–%	0.2%
Actuarial gains and (losses) recognised in the statement of recognised surpluses and deficits (£000)	19	7	79	18	(93)
Percentage of scheme liabilities (%)	5.9%	2.2%	28.4%	4.0%	(23.0)%

London Borough of Barnet	**2007**	**2006**	**2005**	**2004**
Participation commenced 1 September 2002				
Actual return less expected return on pension scheme assets (£000)	31	660	70	361
Percentage of scheme assets (%)	0.6%	13.3%	1.9%	12.1%
Experience gains and (losses) on the scheme liabilities (£000)	(4)	10	597	(19)
Percentage of scheme liabilities (%)	(0.1%)	0.2%	13.4%	(0.4)%
Actuarial gains and (losses) recognised in the statement of recognised surpluses and deficits (£000)	368	(10)	677	108
Percentage of scheme liabilities (%)	6.2%	(0.2)%	15.1%	(2.5)%

28. Pensions

Disclosures are required in respect of Financial Reporting Standard 17 (Retirement Benefits) including the Association's share of the surplus/deficit and assets/liabilities (as at the balance sheet date) of any defined benefit scheme to which the Association contributes on behalf of its employees.

Social housing pension scheme
(administered by The Pensions Trust)
The Board decided to close the scheme to new employees at 30 June 2002 and to existing employees at 31 December 2002. From those dates employees have been offered the opportunity to join the group stakeholder pension plan.

Housing 21 accounts for less than 1% of SHPS total membership.

The following disclosure has been provided by the administrators:

Housing 21 participates in the Social Housing Pension Scheme (SHPS). The Scheme is funded and is contracted out of the state scheme.

SHPS is a multi-employer defined benefit scheme. Employer participation in the Scheme is subject to adherence with the employer responsibilities and obligations as set out in the "SHPS House Policies and Rules Employer Guide".

The Scheme operated a single benefit structure, final salary with a 1/60th accrual rate, to March 2007. From April 2007 there are three benefit structures available, namely:

- Final salary with a 1/60th accrual rate.
- Final salary with a 1/70th accrual rate.
- Career average revalued earnings with a 1/60th accrual rate.

An employer can elect to operate different benefit structures for their active members (as at the first day of April in any given year) and their new entrants. An employer can only operate one open benefit structure at any one time. An open benefit structure is one which new entrants are able to join.

Housing 21 has elected to operate the final salary with a 1/60th accrual rate, benefit structure for active members.

The Trustee commissions an actuarial valuation of the Scheme every 3 years. The main purpose of the valuation is to determine the financial position of the Scheme in order to determine the level of future contributions required, in respect of each benefit structure, so that the Scheme can meet its pension obligations as they fall due. From April 2007 the split of the total contribution rate between member and employer is set at individual employer level, subject to the employer paying no less than 50% of the total contribution rate.

The actuarial valuation assesses whether the Scheme's assets at the valuation date are likely to be sufficient to pay the pension benefits accrued by members as at the valuation date. Asset values are calculated by reference to market levels. Accrued pension benefits are valued by discounting expected future benefit payments using a discount rate calculated by reference to the expected future investment returns.

During the accounting period Housing 21 paid contributions at the rate of 14.7%. Member contributions varied between 3.1% and 6.1% depending on their age.

As at the balance sheet date there were 203 active members of the Scheme employed by Housing 21. Housing 21 has closed the Scheme to new entrants.

It is not possible in the normal course of events to identify the share of underlying assets and liabilities belonging to individual participating employers. Accordingly, due to the nature of the Plan, the accounting charge for the period under FRS17 represents the employer contribution payable.

The last formal valuation of the Scheme was performed as at 30 September 2005 by a professionally qualified actuary using the Projected Unit Method. The market value of the Scheme's assets at the valuation date was £1,278 million. The valuation revealed a shortfall of assets compared with the value of liabilities of £283 million, equivalent to a past service funding level of 82%.

The Scheme Actuary has prepared an Actuarial Report that provides an approximate update on the funding position of the Scheme as at 30 September 2006. Such a report is required by legislation for years in which a full actuarial valuation is not carried out. The funding update revealed an increase in the assets of the Scheme to £1,515 million and indicated a decrease in the shortfall of assets compared to liabilities to approximately £235 million, equivalent to a past service funding level of 87%. Annual funding updates of the SHPS Scheme are carried out using approximate actuarial techniques rather than member by member calculations, and will therefore not produce the same results as a full actuarial valuation. However they will provide a good indication of the financial progress of the scheme since the last full valuation.

Since the contribution rates payable to the Scheme have been determined by reference to the last full actuarial valuation the following notes relate to the formal actuarial valuation as at 30 September 2005.

The financial assumptions underlying the valuation as at 30 September 2005 were as follows:	% pa
Investment return pre retirement	7.2
Investment return post retirement	4.8
Rate of salary increases to 30 September 2010	5.0
Rate of salary increases from 1 October 2010	4.0
Rate of pension increases	2.5
Rate of price inflation	2.5

The long-term joint contribution rates required from employers and members to meet the cost of future benefit accrual were assessed at:

Benefit structure	Long-term joint contribution rate (% of pensionable salaries)
Final salary with a 1/60th accrual rate	17.6
Final salary with a 1/70th accrual rate	15.3
Career average revalued earnings with a 1/60th accrual rate	14.1

If an actuarial valuation reveals a shortfall of assets compared to liabilities the Trustee must prepare a recovery plan setting out the steps to be taken to make up the shortfall.

Following consideration of the results of the actuarial valuation it was agreed that the shortfall of £283 million would be dealt with by the payment of deficit contributions of 4.4% of pensionable salaries with effect from 1 April 2007. These deficit contributions are in addition to the long-term joint contribution rates set out in the table above.

With effect from 1 April 2007 the employer contribution rate is 14.7% and employee contribution rates are 3.1% to 6.1% of pensionable dependant on age.

Employers that participate in the Scheme on a non-contributory basis pay a joint contribution rate (i.e. a combined employer and employee rate).

Employers that have closed the Scheme to new entrants, including Housing 21 are required to pay an additional employer contribution loading of 3.0% to reflect the higher costs of a closed arrangement.

A small number of employers are required to contribute at a different rate to reflect the amortisation of a surplus or deficit on the transfer of assets and past service liabilities from another pension scheme into the SHPS Scheme.

Employers joining the Scheme after 1 October 2002 that do not transfer any past service liabilities to the Scheme pay contributions at the ongoing future service contribution rate. This rate is reviewed at each valuation and applies until the second valuation after the date of joining the Scheme, at which point the standard employer contribution rate is payable. Contribution rates are changed on the 1 April that falls 18 months after the valuation date.

It the valuation assumptions are borne out in practice this pattern of contributions should be sufficient to eliminate the past service deficit by 30 September 2020.

A copy of the recovery plan, setting out the level of deficit contributions payable and the period for which they will be payable, must be sent to the Pensions Regulator. The Regulator has the power under Part 3 of the Pensions Act 2004 to issue scheme funding directions where it believes that the actuarial valuation assumptions and/or recovery plan are inappropriate. For example the Regulator could require that the Trustee strengthens the actuarial assumptions (which would increase the scheme liabilities and hence impact on the recovery plan) or impose a schedule of contributions on the Scheme (which would effectively amend the terms of the recovery plan). The Regulator has reviewed the recovery plan for the SHPS Scheme and confirmed that, in respect of the September 2005 actuarial valuation, it does not propose to issue any scheme funding directions under Part 3 of the Pensions Act 2004.

The next full actuarial valuation will be carried out as at 30 September 2008. An Actuarial Report will be prepared as at 30 September 2007 in line with statutory regulations.

Following a change in legislation in September 2005 there is a potential debt on the employer that could be levied by the Trustee of the Scheme. The debt is due in the event of the employer ceasing to participate in the Scheme or the Scheme winding up.

The debt for the Scheme as a whole is calculated by comparing the liabilities for the Scheme (calculated on a buyout basis i.e. the cost of securing benefits by purchasing annuity policies from an insurer, plus an allowance for expenses) with the assets of the Scheme. If the liabilities exceed assets there is a buy-out debt.

The leaving employer's share of the buy-out debt is the proportion of the Scheme's liability attributable to employment with the leaving employer compared to the total amount of the Scheme's liabilities (relating to employment with all the currently participating employers). The leaving employer's debt therefore includes a share of any 'orphan' liabilities in respect of previously participating employers. The amount of the debt therefore depends on many factors including total Scheme liabilities, Scheme investment performance, the liabilities in respect of current and former employees of the employer, financial conditions at the time of the cessation event and the insurance buy-out market. The amounts of debt can therefore be volatile over time.

Group stakeholder plan with Axa Sun Life

Following the closure of the SHPS scheme to new members employees have been offered the opportunity to join the Group Stakeholder Plan. This is a defined contribution scheme. The pension cost of this scheme for the Association in the year was £216k (2006: £170k). There were 193 employee members at the year end (2006: 126). The Association contributes at a rate of 5% (if the employee contributes 3%) or 9% (if the employee contributes at 5%).

Prudential Group savings plan

This scheme has been closed to new members since 1997.

The Prudential Group Savings Plan is a defined contribution scheme. The pension cost of this scheme for the Association was £94k (2006: £109k) with 50 employee members at the year end (2006: 52).

The contribution rate of the Association is 10% or 15% of pensionable salary and nil for employees.

Local authority pension schemes

Due to the TUPE transfer of staff, the Association participates in the following multi employer defined benefit pension schemes:

City of Westminster pension fund

The City of Westminster scheme is a defined benefit scheme. However Housing 21's liability in relation to its employees is capped at 12%. The scheme is therefore accounted for as a defined contribution scheme in accordance with FRS 17 as the charge in the income and expenditure account represents the employer contribution payable.

During the accounting period Housing 21 paid contributions at 12% totalling £325k (2006: 267k). There were 144 employee members at the year end (2006: 157 employees). Employee contributions were 5% or 6% (2006: 5% or 6%).

Oldham Metropolitan Borough Council pension fund

Oldham Metropolitan Borough Council scheme is a defined benefit scheme. However Housing 21's liability in relation to its employees is capped at 20%. The scheme is therefore accounted for as a defined contribution scheme in accordance with FRS 17 as the charge in the income and expenditure account represents the employer contribution payable.

During the accounting period Housing 21 paid contributions at 13.2% totalling £5k (2006: nil). There were 20 employee members at the year end (2006: nil). Employee contributions were 5% or 6%.

London Borough of Redbridge pension scheme

The Association is an admitted body to the London Borough of Redbridge Pension Scheme (the Fund) which is administered by the London Borough of Redbridge under the regulations governing the Local Government Pension Scheme (LGPS), a defined benefit scheme.

The latest formal valuation of the Fund was at 31 March 2004 with the next formal valuation due as at 31 March 2007. An actuarial valuation has been prepared as at 31 March 2007 on behalf of Housing 21 (the Employer). For this purpose the value of the Fund as at 31 March 2007 has been estimated based upon the latest split of investments by category which was at 31 March 2007. The value of the Fund's liabilities as at 31 March 2007 was assessed by rolling forward the value of the Employer's liabilities reported as at the latest valuation.

The main financial assumptions underlying the above valuation at 31 March are as follows:

	%pa 2007	%pa 2006	%pa 2005	%pa 2004	%pa 2003
Inflation rate	3.2	3.1	2.9	2.9	2.5
Discount rate	5.4	4.9	5.4	5.5	5.4
Expected rate of salary increases	4.7	4.6	4.4	3.9	3.5
Rate of pension increases	3.2	3.1	2.9	2.9	2.5

The expected rates of return of each category of assets held by the Fund for the ensuing year as at 31 March were as follows:

	%pa 2007	%pa 2006	%pa 2005	%pa 2004	%pa 2003
Equities	7.8	7.4	7.7	7.7	8.0
Bonds	4.9	4.6	4.8	5.1	4.8
Property	5.8	5.5	5.7	6.5	6.0
Cash	4.9	4.6	4.8	4.0	4.0

The values for each main category of assets held on behalf of Housing 21 within the Fund as at 31 March were as follows:

	2007 £000	2006 £000	2005 £000	2004 £000	2003 £000
Equities	278	294	203	193	142
Bonds	144	68	64	44	43
Property	26	21	15	12	11
Cash	43	37	10	8	12
	491	420	292	257	208

	31 March 2007 £000	31 March 2006 £000	31 March 2005 £000	31 March 2004 £000	31 March 2003 £000
Estimated employer assets	491	420	292	257	208
The present value of scheme liabilities	(516)	(513)	(454)	(455)	(421)
Deficit related to Housing 21	(25)	(93)	(162)	(198)	(213)

The pension cost of this scheme to the Association for the year was £57k (2006: £63k). There were no employee members during the year.

The pension cost in the year relate to a lump sum contribution of £57k towards reducing the deficit related to Housing 21.

London Borough of Lewisham pension scheme

The Association is an admitted body to the London Borough of Lewisham Pension Scheme (the Fund) which is administered by the London Borough of Lewisham under the regulations governing the Local Government Pension Scheme (LGPS), a defined benefit scheme.

The latest formal valuation of the Fund was at 31 March 2004 with the next formal valuation due as at 31 March 2007. An actuarial valuation has been prepared as at 31 March 2007 on behalf of Housing 21 (the Employer). For this purpose the value of the Fund as at 31 March 2007 has been estimated based upon the latest split of investments by category which was at 28 February 2007. The value of the Fund's liabilities as at 31 March 2007 was assessed by rolling forward the value of the Employer's liabilities reported as at the latest valuation.

The main financial assumptions underlying the above valuation at 31 March are as follows:

	%pa 2007	**%pa 2006**	**%pa 2005**	**%pa 2004**	**%pa 2003**
Inflation rate	3.2	3.1	2.9	2.9	2.5
Discount rate	5.4	4.9	5.4	5.5	5.4
Expected rate of salary increases	4.7	4.6	4.4	4.4	4.0
Rate of pension increases	3.2	3.1	2.9	2.9	2.5

The expected rates of return of each category of assets held by the Fund for each year as at 31 March were as follows:

	%pa 2007	**%pa 2006**	**%pa 2005**	**%pa 2004**	**%pa 2003**
Equities	7.8	7.4	7.7	7.7	8.0
Bonds	4.9	4.6	4.8	5.1	4.8
Property	5.8	5.5	5.7	6.5	6.0
Cash	4.9	4.6	4.8	4.0	4.0

The values for each main category of assets held on behalf of Housing 21 within the Fund as at 31 March were as follows:

	2007 £000	**2006 £000**	**2005 £000**	**2004 £000**	**2003 £000**
Equities	198	186	151	219	168
Bonds	39	33	30	43	43
Property	26	24	19	29	28
Cash	8	12	6	13	12
	271	255	206	304	251

	31 March 2007 £000	**31 March 2006 £000**	**31 March 2005 £000**	**31 March 2004 £000**	**31 March 2003 £000**
Estimated employer assets	271	255	206	304	251
The present value of scheme liabilities	(321)	(320)	(278)	(450)	(405)
Deficit related to Housing 21	(50)	(65)	(72)	(146)	(154)

The pension cost of this scheme to the Association for the year was £7k (2006: £7k). There were 4 employee members at the end of the year (2006: 4). The contribution rate of the Association for the year ended 31 March 2007 was 17.75% (2006: 17.75%) and for employees 5% or 6%.

London Borough of Barnet pension scheme

The Association is an admitted body to the London Borough of Barnet's Pension Scheme (the Fund) which is administered by the London Borough of Barnet under the regulations governing the Local Government Pension Scheme (LGPS), a defined benefit scheme.

The latest formal valuation of the Fund was at 31 March 2004 with the next formal valuation due as at 31 March 2007. An actuarial valuation has been prepared as at 31 March 2007 on behalf of Housing 21 (the Employer). For this purpose the value of the Fund as at 31 March 2007 has been estimated based upon the latest split of investments by category which was at 31 March 2007. The value of the Fund's liabilities as at 31 March 2007 was assessed by rolling forward the value of the Employer's liabilities reported as at the latest valuation.

The main financial assumptions underlying the above valuation at 31 March are as follows:

	%pa 2007	%pa 2006	%pa 2005	%pa 2004	%pa 2003
Inflation rate	3.2	3.1	2.9	2.9	2.5
Discount rate	5.4	4.9	5.4	5.5	5.4
Expected rate of salary increases	4.7	4.6	4.4	4.65	4.25
Rate of pension increases	3.2	3.1	2.9	2.9	2.5

The expected rates of return of each category of assets held by the Fund for the ensuing year as at 31 March were as follows:

	%pa 2007	%pa 2006	%pa 2005	%pa 2004	%pa 2003
Equities	7.8	7.4	7.7	7.7	8.5
Bonds	4.9	4.6	4.8	5.1	4.9
Property	5.8	5.5	5.7	6.5	7.0
Cash	4.9	4.6	4.8	4.0	4.0

The values of each main category of assets held on behalf of Housing 21 within the Fund as at 31 March were as follows:

	2007 £000	2006 £000	2005 £000	2004 £000	2003 £000
Equities	3,959	3,600	2,529	2,057	1,362
Bonds	713	590	640	442	427
Property	550	460	373	295	245
Cash	331	290	207	194	135
	5,553	4,940	3,749	2,988	2,169

	31 March 2007 £000	31 March 2006 £000	31 March 2005 £000	31 March 2004 £000	31 March 2003 £000
Estimated employer assets	5,553	4,940	3,749	2,988	2,169
The present value of scheme liabilities	(5,982)	(5,710)	(4,470)	(4,284)	(3,478)
Deficit related to Housing 21	(429)	(770)	(721)	(1,296)	(1,309)

The pension cost of this scheme to the Association for the year was £231k (2006: £231k). At the end of the year there were 97 employee members (2006: 99).

The contribution rate of the Association for the year ended 31 March 2007 was 15.1% (2006: 15.1%) and for employees 5% or 6%.

29. Subsidiary undertakings

The following comprise the subsidiary undertakings for incorporation into the consolidated accounts for the Group in accordance with the Industrial and Provident Societies Acts and Financial Reporting Standards.

Name and principal activity	Country of registration	Status	Basis of control
The War Memorial Village – Derby (Management of social housing)	England and Wales	Private company limited by guarantee	Housing 21 is a member and controls the composition of the Board
Dementia Voice (Provides research and support services for dementia and their carers)	England and Wales	Private company limited by guarantee	Housing 21 is a member and controls the composition of the Board
Housing 21 Guernsey LBG (Development and management of housing properties and the provision of care services)	Guernsey	Private company limited by guarantee	Housing 21 Guernsey LBG is wholly under the control of Housing 21
Oldham Retirement Housing Partnership (Management of sheltered housing stock in Oldham)	England and Wales	Industrial and provident society	Housing 21 is a member and controls the composition of the Board
Housing 21 Property Services Ltd (Dormant)	England and Wales	Private limited company	Ownership of two £1 shares being 100% of the issued share capital
Housing 21 Group Ltd (Dormant)	England and Wales	Private limited company	Ownership of two £1 shares being 100% of the issued share capital
Housing 21 Care Options Ltd (Dormant)	England and Wales	Private limited company	Ownership of 1,000 £1 shares being 100% of the issued share capital

The above companies operate principally in their country of registration.

30. Contingent liabilities

In common with a number of Housing Associations, Housing 21 is seeking clarification from HM Revenue & Customs over the continuing validity of its PAYE/NI dispensation in respect of accommodation provided to residential Court Managers. Due to the degree of uncertainty over the outcome of this matter, the Association is unable to confirm the amount of liability to tax and Class 1A national insurance contributions that may arise.

31. Goodwill

On 28th February 2007 the Association purchased the leasehold management business of 17 housing schemes from James Butcher Housing Association for £3m. An intangible asset, goodwill, has arisen on the difference between the purchase price paid for the business and the fair value of the net assets and is being amortised over 20 years in accordance with FRS 10. The goodwill amortised in the year was £145k.

	Group and Association	
	2007	2006
	£000	£000
Opening balance	**–**	–
Goodwill purchased during the year	**2,906**	–
Amortised during the year	**(145)**	–
At 31 March 2007	**2,761**	–

32. Legislative provisions

The Association is incorporated under the Industrial and Provident Societies Act 1965 (Registered number 16791R) and under the Housing Act 1996 (Number L0055). It is also affiliated to the National Housing Federation.
